About _____ Enthusiastic B.Tech student in Artificial Intelligence and Machine Learning with hands-on experience in full-stack development, data visualization, and business intelligence. Passionate about bridging data and design to build scalable, intelligent digital solutions. Strong communication and teamwork skills developed through leadership in hackathons and university events.

Experience

VISWAM AI SUMMERDAYS | TECH LEAD INTERN

Jun 2024 - Aug 2024

Led technical teams to design and implement machine learning prototypes using Python, TensorFlow, and Flask. Streamlined data preprocessing pipelines and optimized model accuracy by 12% through feature engineering and testing automation.

COGNIFYZ TECHNOLOGIES | POWER BI INTERN

Apr 2024 - Jun 2024

Developed business dashboards in Power BI to visualize key performance metrics for client operations. Cleaned and transformed datasets in Excel and SQL; delivered insights that supported data-driven decision making for reporting teams.

HACKSPACE CLUB | CONTENT WRITER

2023 - Present

Authored and edited technology-focused blogs and tutorials on AI trends, programming tips, and web development. Collaborated with developers to create content that increased the club's digital reach by 40%.

AVINYA 2K25 | ORGANIZING MEMBER

2025

Coordinated logistics, sponsorship, and event schedules for a 600+ participant hackathon at Anurag University. Worked on event registration systems and technical coordination for on-site operations.

Projects

HOSTEL MANAGEMENT SYSTEM | MEAN STACK

Built a web platform enabling hostel room allocation, maintenance tracking, and student management using MongoDB, Express, Angular, and Node.js. Designed APIs and implemented authentication with JWT for secure access.

DICEY SHADOW | PYTHON

Developed an engaging dice game using Python and Tkinter, featuring automated score tracking and AI-generated moves. Implemented structured gameplay logic and performance logging.

STUDENT ANALYTICS DASHBOARD | POWER BI & SQL

Created a dynamic academic performance dashboard integrating student data with real-time analytics and custom KPIs, used for trend identification and departmental reporting.

Certifications _____ PWC Power BI Job Simulation • Cisco Cyber Security • NPTEL DBMS • IEEE-CIS SYNC • EduSkills Android Development • Google Data Analytics Fundamentals

Education

ANURAG UNIVERSITY

B.TECH IN AI & ML

2023 - 2027 | 8.91/10

IIT MADRAS

B.SC DATA SCIENCE

2023 - 2025 | 7.17/10

URBANE JR. COLLEGE

INTERMEDIATE (MPC)

2021 | 95%

JOHNSON GRAMMAR SCHOOL

SECONDARY EDUCATION

2019 | 10/10

Skills

PROGRAMMING

C • Java • Python
SQL • HTML • CSS

TECHNOLOGY

Power BI • Git • VS Code
Postman • Excel • Linux

Coursework _____ Machine Learning

Artificial Intelligence

Database Management Systems

Operating Systems

Web Programming

Data Structures

Societies _____ Hackspace Club – Writer

IEEE-CIS Participant

Avinya 2K25 – Organizer

Tech Fest Volunteer
